

The clubhouse will be winterized toward the end of October. Please let us know if you have any plans to use it before November 1. There is a party scheduled for the clubhouse on the weekend of October 17.

No bear sightings in Sunset Point, yet this season. Please remove any bird feeders or any other easy food source which might attract bears.

The garbage enclosure below will be replaced soon by a sturdier, more bear resistant structure. This construction is scheduled to begin within the next couple of weeks. The new garbage enclosure at the top of Sunset Point seems to be effective. Please make sure to keep the doors closed and latched when you are finished depositing trash in there.

If you have not removed your shore station cover, please do so at your earliest convenience. The lake level is falling and fall weather is arriving. It's time to wrap up the summer of 2020.

Despite the many challenges of 2020, we enjoyed a lovely summer here at our oasis.
